**Assunto:** Request for cooperation with Council of Europe and Constitutional Court of Kosovo

**Categorias:** [REDACTED]

Dear representatives of the Committee for Constitutional Affairs,

On behalf of the Council of Europe's project "Support to the Constitutional Court of Kosovo in Applying and Disseminating European Human Rights Standards", we have a kind request for professional exchange meeting with our beneficiaries, judges and legal advisors of the Constitutional Court of Kosovo, and representatives of your Parliamentary Committee for Constitutional Affairs, Rights, Freedoms and Guarantees during their study visit to Portugal in the end of January/beginning of February. During the study visit, they will meet Constitutional Court of Portugal on 30-31 January, and we will be grateful to meet and exchange with Committee for Constitutional Affairs, Rights, Freedoms and Guarantees of Portugal Parliament, if available either on 31 January afternoon or 1 February any time when it suits you the best. Also, 2 February in the first part of the day could be an option if it's better fits with your schedule. Our project is dealing with capacity building of the Constitutional Court as the last instance court for human rights applications in Kosovo, and the main implementer of the European Convention on Human Rights, and professional exchange with European counterparts is integral part of the project. In this respect, we consider very important to exchange with your Institution. With hope that our request will be taken in consideration, we wish you all the very best, and look forward to your feedback.

Kind regards  
Ljubisa Bascarevic,  
Project Manager, Council of Europe
