Dear Mr. Do Carmo,

With the present, we are pleased to invite you to participate in the festival of the Prosciutto to will place to Langhirano (Parma) on the weekend of September 6-8, 2019.

In particular, we would like to invite you to participate in the political discussion panel entitled "DOP Economy", which will take place on September 6 in the afternoon, just before the opening of the fair. The panel will be organized in collaboration with the University of Parma (Unipr). In the experience of your region, in the valuation of geographical indications, we are convinced of your intervention.

The Prosciutto festival takes place in Langhirano, where many of the producers of the Parma ham production chain meet. It is a very important event at national level. In recent years, the municipality has also wanted to open up to internationalization, inviting countries such as Spain, Croatia, Japan, Serbia, France and this year Portugal.

The producers of these countries participating in the fair, contributing an important cultural contribution and, at the same time, improving the visibility of their PDO products.

Hoping to receive a positive response to this invitation to develop a future collaboration.

Please respond to this invitation before July 1st.

Best regards

The Mayor of Langhirano
