

17 March 2023

Dear Colleagues,

As part of the parliamentary dimension of the Swedish EU Presidency, I am delighted to invite you to an informal meeting with the Commissioner for Home Affairs Ms Ylva Johansson in the form of a video conference on 30 March from 11.00 to 12.00. The topic for the discussions will be *What can further be done both nationally and at EU level in the area of preventing and fighting corruption?*

Corruption exists in all EU Member States and is harmful to our democratic societies as it, among other things, erodes citizens' trust in public institutions. It therefore needs to be further addressed both on EU level and on Member State level. Commissioner Johansson will introduce the topic presenting current work and coming initiatives at EU level, and support actions at Member State level followed by a joint discussion.

Please note the registration and technical details that are sent to you along with this invitation.

You are kindly asked to register by 24 March.

Yours sincerely,

Hans Wallmark
Chair of the Committee on EU Affairs
The Swedish Riksdag
